FOUND HIM GUILTY

OLLIE LONG GOT A JAIL SENTENCE AND $500 FINE.

THE CASE WAS APPEALED

Father of Defendant Became His Surety for $2500 for a Second Trial in Supreme Court.

The jury in the case of State vs. Ollie Long, charged with seduction under promise of marriage, Miss Carrie Miles being the prosecuting witness, brought in a verdict Thursday evening about six o'clock, of guilty and assessed his punishment at six months in jail and a fine of $500. The case was given to the jury at noon Thursday and they were out about six hours. Several ballots were taken by the jury, the vote of the jury on the first ballot being 8 for conviction to 4 for acquittal. On the second one, it was 7 for conviction to 5 for acquittal, but on the third one it was 10 for conviction and 2 for acquittal.

Judge F. H. Trimble, who was special judge, sentenced the young man Friday morning and when asked if he had anything to say, Mr. Long replied that he was an innocent man.

When a motion for new trial was overruled, the attorneys for the defendant, filed an appeal to the supreme court which was granted. The appeal bond was fixed at $2500 which was given, A. Long, father of Ollie Long, being the surety.

The case came to Nodaway county from Atchison county on a change of venue, and was hotly contested. It has been tried once before in Atchison the young man receiving a sentence of two and a half years in the penitentiary. It was taken to the supreme court and they sent it back for new trial.

AN INTERESTING PROGRAM.

Given by Pupils of Normal Training School at Auditorium.

The pupils of the Normal Training school gave a very interesting program this morning in the Normal auditorium. The program which was gotten up by a committee composed of student teachers of the training school was a representation of a number of important characters of literature. Much of the success of the program is due to the work of Miss Cora Gehr who was chairman of the committee. The morning's entertainment was the result of a request made by Dr. Taylor some weeks ago that the student teachers should arrange a program that some idea might be gotten of the kind of program that would be suitable for an entertainment given by school children. President Taylor was greatly pleased by the result.

BOOHER IS A CANDIDATE.

Will Make the Race This Year for Congress from This District.

Washington, D. C., May 7.—To the Democrats of the Fourth Congressional District:

I shall again be a candidate for the Democratic nomination to Congress at the August primaries. The indications now are that the present session of Congress will run into the summer and that I shall not be able to meet my friends throughout the district as I should like to do.

There is still much important work before the House of Representatives and I believe it is my duty to remain at my post regardless of what may be the outcome at home. I therefore take this means of calling your attention to my candidacy. I hope however, to be able to see you personally before the close of the campaign.

During the two and a half terms that I have been in Congress, I have tried to serve you faithfully and to secure to my district, a maximum of results. Although a reactionary Republican administration has controlled the Government and hampered progressive legislation, much good has been accomplished by the Democratic members of Congress.

The present Democratic House has been the greatest and most effective working body in recent years and has passed many important measures intended to secure to the people a greater voice in the administration of their affairs, and to relieve them from the burdens of unjust taxation. I am glad I have had a part in such legislation and have had reasons to be proud of the important work assigned to me in the committees in which I have the honor to hold membership.

On account of the service already rendered and the experience gained therefrom I feel that I am prepared to render a still greater service if returned to the next Congress. Familiarity with the vast details of legislation affords a great advantage over any new member whoever he may be.

I appreciate the honor already bestowed upon me and my greatest ambition is to serve you acceptably and honestly and to be permitted to further assist in the effort to secure to the people the blessings of wholesome and just legislation.

I shall be glad to hear from you. I am always glad to have you write me your views on the various questions before Congress and to call on me whenever there is anything that I can do for you here.

If you feel that my efforts thus far merit a continuance of the trust imposed in me, I shall greatly appreciate your support in this campaign.

Very truly yours,
CHARLES F. BOOHER.

CATTLE AND HOGS

NODAWAY COUNTY AGAIN RANKS FIRST IN STATE.

HAVE OF EACH OVER 40000

Callaway County Forced Out of First Place as the Home of the Mule, by Saline County.

The returns made to the state auditor by the assessors of Missouri for the present year's taxes place Nodaway well in the lead in two classes of live stock statistics, cattle and hogs.

These returns show that horses are by far the most valuable of all live stock, surpassing cattle in valuation by more than 11 million dollars.

Jackson County comes first in the number of horses, 22,237, and the city of St. Louis is second, with 16,488.

Callaway county, for many years in the lead as the greatest mule producing county in the state, is compelled to take second place, Saline going ahead by a narrow margin. The score stands Saline, 6,969; Callaway, 6,054.

Schuyler county has a long lead in the sheep raising industry, with a total of 42,815. Harrison is second—23,978.

Nodaway returned 44,638 hogs and Texas county, a new competitor in the live stock business, comes second with 38,764.

The returns show that there has been little change over 1911 in the number and value of horses. Cattle have decreased in valuation to the extent of more than 1 million dollars and gained something over 100,000 in numbers. Sheep have lost 20,196 in numbers and hogs have gained over 300,000.

The following are the leading counties in the matter of cattle and hogs on hand, showing the number credited by the assessors:

Cattle—Nodaway, 42,243; Saline 31,828; Sullivan, 31,352; Harrison, 29,849; Putnam, 25,647; Lafayettte, 25,629; Macon, 25,461.

Hogs—Nodaway, 44,638; Texas 38,764; Johnson, 36,586; Saline, 36,160; Atchison, 35,092; Harrison, 34,333; Carroll, 33,544.

Miss Orcutt has not decided which offer she will accept, but is considering the California offer with much favor. She was superintendent of the schools of Bolckow the past year and previous to that time taught in the Maryville schools four years. IT WAS A PITCHER'S BATTLE.

Normals Downed the Amity Team in a Close Game—McKee Stole Four Sacks.

In a game that wasn't decided until the last man was retired in the ninth inning the State Normal base ball team defeated Amity college of College Springs, Iowa, by a score of three to two. The contest was a pitchers' battle from the start in which "Jew" Wilson had a sligh call on Tate, the opposing pitcher. Both men allowed nine safe hits and the local twirler whiffed twelve batters while Tate fooled but five. Tate also delivered a mighty wallop to the centerfied fence and was good for three bases. Kirby Taylor, the Normal short stop played a clever game in the field and bingled out two safe hits. Cap. McKee kept up his reputation as a base stealer by pilfering no less than four sacks.

Emmit Scott, who was umpiring balls and strikes behind the bat, received a painful injury when a foul tip hit him on the back of the hand, breaking the bone. He finished the game, however.

The box score follows:

Entire Building Has Been Renovated and Partially Refurnished—Presents an Attractive Appearance.

The Linville hotel which has been undergoing a thorough cleaning and refurnishing for the past two months by the new manager, Mr. A. T. Clark, will be formally opened to the public on Sunday. The offices, reading room and pool room on the first floor have been so changed by the new steel ceiling and frescoed walls and new floor coverings that it does not look like the same place it was a few weeks ago. The walls of the office and reading room are in green, while steel celings have been highly decorated in harmonizing colors with the walls. The walls of the halls and pool room are in buff. The dining room is the most attractive room in the building and all of the out of town visitors to Maryville who make their headquarters at the Linville declared it is the finest looking dining room they have seen in any hotel in any town in the state. The walls and ceilings are in three shades of blue, shading from pale blue to turquois. The wood work is white which with the handsome furnishings make it a beautiful place.

Every room in the hotel has been repapered and painted and the style and colorings have been chosen with as much care as though it had been for one of Maryville's prettiest homes.

Much new furniture has been added, nearly all bedding is new and everything in the way of linen has been thoroughly replenished.

Miss Alma Nash's orchestra will furnish music during the diner and supper hour.

MORE MONEY FOR CARL WRIGHT.

Mt. Ayr Sunday School Donated $10 to Fund and Committee Will Visit the Patient.

The Mt. Ayr Sunday school of the Mt. Ayr M. E. church east of Maryville added $10 to the fund Wednesday. The money was voted last Sunday and a committee composed of Miss Velma Lanning, Miss McGinness, Miss Cecele Fisher and Miss Nettie Smock was appointed to visit the patient and carry the money and good will of the school to him. This is pretty good for this school, which only has a membership of between forty and fifty, which comprises the church membership. The school contributes regularly to missions and benevolence, and the present year gave $20 to the pastor's salary. That's about the best giving for a Sunday school that can be found in this part of the county.

Which One Will be the Bride?

Mrs. Harold VanSteenbergh entertained a few friends Thursday evening in honor of one of her guests who is to be a June bride. The evening was pleasantly spent with games, music and conversation. During the evening it was found that it was the birthday anniversary of two of the company, Mrs. W. J. Staples and Miss Lois Halley. After the games a messenger came with a large box, which proved to contain a kitchen shower for the bride-to-be. Many useful things were in the box and full directions given for the use of each article. Dainty refreshments were served by Messrs G. A. and Harold VanSteenbergh, and then the guests took their leave, wishing the guest of honor many good things. Those present were: Mrs. W. J. Staples, Miss Margaret Lee Winston, Miss Elizabeth Ashford, Miss Audrey Howendobler, Miss Laura White, Miss Lauretta Hudelson, Miss Lois Halley, Mrs. Mrytle Appleby, Mrs. G. A. VanSteenbergh and the hostess.

They Played "Under the Lilacs."

Mrs. Fayette Bellows entertained with a six hand euchre party Thursday afternoon as a compliment to Mrs. Frank Shoemaker, Jr., of Oklahoma City and Mrs. J. J. Walsh of St. Joseph, who is on a visit to her parents, Mr. and Mrs. N. Sturm.

The walls and ceiling of the rooms were hidden by beautiful fragrant branches of lavender lilacs and after the arrival of the guests the scene was not unlike a midsummer garden fete. 'Twas surely a lovely party.

The game prize was won by Miss Rose Schumacher. On each table were crystal baskets of lavender sweet peas, tied with lavender tulle, which were presented to the players winning the highest score at each table. The winners were Miss Esther Shoemaker, Miss Rena Sturm, Mrs. Wm. Wallis, Jr., and Mrs. N. C. Covey. The hostess was assisted by Miss Grace Sturm in entertaining. The guest list included: Mrs. Frank Shoemaker, Jr., Mrs. J. J. Walsh, Miss Clara Sturm, Miss Rena Sturm, Miss Esther Shoemaker, Miss Maud McCluskey, Miss Brownie Toel, Miss Maude Bainum Mrs. Luther Forysth, Miss Laura Barmann, Miss Della Grems, Misses Mabel and Alice Martin, Misses Rose and Lenore Schumacher, Miss Dora Carpenter, Miss Elise Jackson, Miss Marie Brink, Mrs. N. C. Covey, Mrs. Wm. Wallis, Jr., Mrs. Ralph Eversole, Mrs. M. L. Beattie, Mrs. F. P. Robinson, Mrs. D. J. Thomas, Mrs. H. L. Raines, Mrs. Lafe Allender, Mrs. Berney Harris and Mrs. W. F. Thompson.

Met With Mrs. Welborn.

The I. X. L. Embroidery club met Wednesday afternoon at the home of Mrs. Ernest Welborn. Six new members were initiated and several new features for that ceremony were introduced, to the delight of the old members and the consternation of the new members, who are Mrs. Vance Westfall, Mrs. J. T. Linville, Mrs. Marvin Peery, Mrs. John Lorance, Mrs. Guy Mutz and Mrs. John Anderson. Owing to the absence of the club's president, Mrs. W. R. Wells, who is in Chicago, Mrs. Walter Mutz, the vice-president, presided. Mrs. Mutz read a cheering word from Mrs. Wells who stated in her letter that Mr. Wells went through the operation finely in St. Luke's hospital Tuesday morning. During the social time the hostess was assisted in serving refreshments by her mother, Mrs. Preston Seafers. There was one visitor, Miss Mamie Heflin of Warrensburg, Mo., who is visiting her aunt, Mrs. Anna Stauble. The next meeting of the club will be held in three weeks with Mrs. Cooper Gooden. The I. X. L. club now numbers twenty-five active members.

A Stretch of Fine Road.

County School Superintendent W. M. Oakerson says that in coming to Maryville Thursday morning from attending the rural graduation exercises at Gaynor Wednesday night, he rode over a ten mile stretch of road that is the best he has seen in the county, and he declares it is better than pavement. The road was from Gaynor to the Gallagher school house, eight miles east of Maryville. The best mile of the ten miles was along the farm of N. Moore. The ten mile stretch is along the Saints' highway and is a credit to the people of that community.

Will Go To Oklahoma.

Prof. Frank Robsy, principal of the schools of Cherokee, Ia., is in the city visiting his parents, Mr. and Mrs. W. L. Robey. He will leave in a few days for Okmulgee, Okla., on a visit to his sister, Mrs. Mark Canady and family. He will be met in Kansas City, by Mrs. Robey, who is at present visiting her mother in Des Moines. Prof. Robey has been re-elected to his position with the Cherokee schools. A new school building is under course of construction at that place.

Miss Lois Halley will spend the day Saturday, with Miss Eva Montgomery of St. Joseph.

INDIGESTION

Causes Dizziness, Nervousness, Biliousness, Sick Headache and Sleeplessness.

You know that most of the ailments named above come from an out of order stomach.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

It it doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly from the brain to the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

Mi-o-na is guaranteed to end all stomach misery or money back. Fifty cents at the Orear-Henry Drug Co. and druggists everywhere.

HOUSE ADOPTS MANY CHANGES

Restores Power to Interstate Commerce Commission.

REFUSED TO ABOLISH MINTS

Creates Bureau of Foreign and Domestic Commerce, With Powers of Present Tariff Board—Overrules Committee.

Washington, May 10.—Revolutionary proposals such as have not been grouped in any bill passed by the present session of congress, were adopted by the house in the legislative, executive and judicial appropriation bill.

The measure will be voted on and probably passed immediately. The bill now proposes:

"Abolition of the United States commerce court and the restoration to the interstate commerce commission of all railroad regulatory power, subject to appeal only to United States district courts.

Creates New Department.

"Creation of a bureau of foreign and domestic commerce, with all the present powers of the so-called tariff board, to be under the jurisdiction of the secretary of commerce and labor. The new bureau would absorb the bureau of trades relations of the state department and the bureaus of manufactures and statistics of the department of commerce and labor.

"Concentration of the distribution of public documents, of which millions annually are sent from Washington, in the government printing offices."

Overrides Committee.

In addition to these three principal changes in the operation of the government, the house overturned the committee in charge of the bill in a number of instances.

After a bitter fight the house defeated a proposal to abolish the mints at San Francisco, New Orleans and Carson City and the assay offices at Boise, Charlotte, N. C.; Deadwood, S. D.; Helena, Mont.; Seattle, Wash., and Salt Lake City. It also refused to abolish the position of deputy commissioner of lighthouse service and on this latter Speaker Clark joined with the opposition to the committee.

The defection in the Democratic ranks caused an outbreak in the closing hours of the session, which lasted from 11 o'clock in the morning until 9 o'clock at night.

The fight for the abolition of the commerce court was led by Representative Sims of Tennessee, who framed the legislation abolishing that tribunal. He was opposed by Representatives Driscoll of New York and Stevens of Minnesota, but when the provision was adopted, 120 to 49, many Republicans voted with the Democrats.

When the house adjourned it was with the general understanding that the formal passage of the measure would follow at once.

PRESSMEN'S STRIKE WEAKENED

Chicago Sterotypers Make Break to Get Back—Trouble is Practically Over.

Chicago, May 10.—The situation in the newspaper strike was quiet and papers were sold under police guard in practically every part of the city.

Several stereotypers, who went on a sympathetic strike after the pressmen walked out, applied for reinstatement on two afternoon newspapers and it is expected that others will follow their example.

All the newspapers have practically full crews of pressmen and stereotypers at work and more editions were published than at any time since the beginning of the strike.

SAYS INTERVENTION UNLIKELY

Adjt. Gen. Rumboldt Says Government Does Not Intend Sending Troops to Mexico.

Nevada, Mo., May 10.—Brig. Gen. H. C. Clark, who has just returned from Jefferson City, where he conferred with Adjt. Gen. Rumbold, said that Gen. Rumbold told him the war department has no idea of sending troops to Mexico. Rumbold has returned from a conference in Washington. He said the government doesn't regard the situation of sufficient gravity to warrant intervention. The government reservation here, however, is rapidly being put in shape for use as a concentration camp.

Brewery Strike Ended.

Kansas City, May 10.—The 1,200 brewery workers, who have been out on strike since Tuesday, are back at work. The strike ended officially after a four hours' conference of brewers and union representatives. A 3-year working agreement was signed by 22 breweries and agencies, and both workers and brewers express satisfaction over the outcome.

Vanderbilt Sued by Grocer.

New York, May 10.—Alleging that William K. Vanderbilt, Jr., owes him $642.02 for groceries furnished for his use on the yacht Tarantula, Albert Klenk brought suit against the millionaire. Vanderbilt filed a general denial.

PROTEST SALE OF OKLAHOMA TIMBER

Oklahoma Senators Want Choctaw Land Readvertised.

SMALL BUYERS WERE EXCLUDED

Investigation Showed Chotaws Were Not Getting Square Deal in Disposal of Valuable Lands.

Muskogee, Ok., May 10.—A formal protest asking that the bids of $500,000 acres of pine and hardwood timber lands in the Choctaw nation, which were received here on May 1, be not considered, will be forwarded to the secretary of the interior next Monday by Oklahoma senators and representatives. Sale of the lands under the bids, which it is claimed were not competitive, it is declared, would give control of or render valueless 1,500,000 acres of timber land in Choctaw nation. The secretary of the interior will be asked to re-advertise the lands for sale.

Condemn Secretive Policy.

This action is the result of an investigation by James S. Davenport, representative from the third district, who has been here several days for that purpose. Mr. Davenport will be joined in his protest by Representative C. D. Carter, whose district includes the Choctaw nation, and by Senator Owen, who had already submitted to the department of the interior a different plan for the sale of the lands.

The Choctaw nation and the state of Oklahoma would be vastly more benefited if 1,000 purchasers secured this timber land in tracts ranging from 160 to 640 acres, these congressmen believe, and they will so state to Secretary Fisher. Upon investigation, they believe there was no competition whatever in the bidding, that was done on the last sale and that the Chactaws are not getting a "square deal." They particularly condemn the policy of the department here in refusing to make public the names of the bidders.

Kept Small Bidders Out.

The fact that the regulations provided that a bid on 640 acres would not be considered if that particular tract lay within the larger subdivisions, if there was another bid upon the entire subdivision, they claim made it practically impossible for the small bidders to get an equal chance with the big ones. The entire area of 1,500,000 acres was divided into 24 subdivisions for the purpose of sale. The smallest of these contained 24,000 acres and the largest 125,000 acres, so that no person of small means could bid on a complete subdivision. With their protest the Oklahoma congressmen will submit for the approval of the secretary of the interior a plan which is designed to afford the small bidder a chance.

WOMAN DOCTOR FOR A CORONER

St. Joseph Woman First in County to Enter Race for Elective Public Office.

St. Joseph, May 10.—Dr. Lyda Hillyard has filed a declaration as a candidate for the Democratic nomination for coroner, subject to the primary election August 6. She is the first woman to enter the race for an elective public office in Buchanan county.

When Dr. Hillyard's candidacy was announced some took the position that she is ineligible, but a careful search of the statutes revealed no provision requiring that the office be filled by a man, and her right to hold it if elected will not be further questioned. Six men, all doctors, have entered for the Democratic nomination.

Dr. Hillyard, it is supposed, was inspired to stand for the nomination for coroner by the action of Dr. C. F. Byrd, who has been coroner four years, in appointing his wife deputy coroner. During Byrd's term of office he has been absent from the county much of the time, and in his absence all coroner cases have been attended to by Mrs. Byrd, who is not even a physician.

Jumped Into Whirlpool.

Spokane, Wash., May 10.—Paul Worst, 26 years old, waited on the Post street bridge over the Spokane river until a street car loaded with passengers came along, then, taking off his coat and hat, leaped to the stream 60 feet below. The bridge is 200 feet up stream from the Spokane Falls. Passengers saw his body rise to the surface and plunge into the whirlpool. The body has not been found.

To End German Duels.

Berlin, May 10.—The clericals introduced a resolution in the Reichstag asking the imperial chancellor, Dr. Von Bethmann-Hollweg to end dueling in the army, particularly the practice which makes it compulsory for an offended person to challenge the offender or leave the army.

Fox Hunting for Germans.

London, May 10.—A pack of fox hounds will be sent to Potsdam, for the German Emperor, who has decided to introduce fox hunting into Germany.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

EARTHQUAKE KILLS FIFTY

Thirty-Four Dead in Zapatlan and Half of City Destroyed.

COLIMA VOLCANO IN ERUPTION

Twelve Distinct Shocks Were Felt and Damage Will Exceed Half a Million Dollars at Cuartel.

Mexico City, May 10.—Thirty-four persons were killed and half of the city of Zapatlan, which is located on the slope of the volcano of Colima, was destroyed by an earthquake during the night. Sixteen persons were killed in the town of Cieudad Guzman, and 13 were seriously injured.

Twelve shocks were felt at Guadalajara, while in Cuartel, more than half a million dollars' damage was done, including the complete destruction of a large church.

Colima Active.

Following the shocks, the Colima volcano became active, throwing out lava, boulders and sand in its first big eruption since it destroyed the city of Zapatlan in 1806.

The local observatory here predicts a disastrous earthquake in Mexico city of Zapatlan in 1806.

The state of Jalisco, on the west, coast, in which Colima volcano is situated, apparently bore the brunt of the disturbance. This state is west of the Sierra de Nayarit mountains and is a high, rugged country.

Was Destroyed in 1818.

Guadalajara, the capital city, has a population estimated at 125,000. It was partly destroyed by an earthquake in 1818. It is situated on a mountainous plateau with an elevation of 3,750 feet and lies about 100 miles north of the volcano. The quake moved in a northeasterly direction. Ciudad Guzman is in the northern part of Jalisco. Zapatlan is just north of the volcano, lying upon the mountain slope.

Colima is one of two twin mountains. It is 12,750 feet high.

Veterans Finally Decide to Attend Reunion of Blue and Gray at Gettysburg.

Macon, Ga., May 10.—The United Confederate veterans have finally decided to accept the invitation of the Grand Army of the Republic to attend the reunion of the Blue and Gray on the Gettysburg battlefield, which is to be held next year. The invitation was at first declined and not finally accepted, until the bitter opposition of the "irreconcilables" had been voiced and a strong adverse report had been made upon the request by a minority of the committee having the matter in hand. Chattanooga was selected for next year's annual meeting.

When the accident occurred he was some distance from the house. Someone who was assisting him was sent to the house to tell Mrs. Wells, who telephoned at once to the physicians and for an automobile, then ran to meet the wagon that was bringing her husband to the house. When she reached the wagon her husband gave her his right hand and helped her into the wagon, the calmest one of all. When the car arrived at the hospital, Mr. Mr. Wells told his brother of the sale of a horse another brother had made, and spoke of the other commonplace things as though nothing had happened.

DAILY DEMOCRAT FORUM

VOLUME 2. MARYVILLE, MISSOURI, FRIDAY, MAY 10, 1912. NO. 293.

FOUND HIM GUILTY

OLLIE LONG GOT A JAIL SENTENCE AND $500 FINE.

THE CASE WAS APPEALED

Father of Defendant Became His Surety for $2500 for a Second Trial in Supreme Court.

The jury in the case of State vs. Ollie Long, charged with seduction under promise of marriage, Miss Carrie Miles being the prosecuting witness, brought in a verdict Thursday evening about six o'clock, of guilty and assessed his punishment at six months in jail and a fine of $500. The case was given to the jury at noon Thursday and they were out about six hours. Several ballots were taken by the jury, the vote of the jury on the first ballot being 8 for conviction to 4 for acquittal. On the second one, it was 7 for conviction to 5 for acquittal, but on the third one it was 10 for conviction and 2 for acquittal.

Judge F. H. Trimble, who was special judge, sentenced the young man Friday morning and when asked if he had anything to say, Mr. Long replied that he was an innocent man.

When a motion for new trial was overruled, the attorneys for the defendant, filed an appeal to the supreme court which was granted. The appeal bond was fixed at $2500 which was given, A. Long, father of Ollie Long, being the surety.

The case came to Nodaway county from Atchison county on a change of venue, and was hotly contested. It has been tried once before in Atchison the young man receiving a sentence of two and a half years in the penitentiary. It was taken to the supreme court and they sent it back for new trial.

AN INTERESTING PROGRAM.

Given by Pupils of Normal Training School at Auditorium.

The pupils of the Normal Training school gave a very interesting program this morning in the Normal auditorium. The program which was gotten up by a committee composed of student teachers of the training school was a representation of a number of important characters of literature. Much of the success of the program is due to the work of Miss Cora Gehr who was chairman of the committee. The morning's entertainment was the result of a request made by Dr. Taylor some weeks ago that the student teachers should arrange a program that some idea might be gotten of the kind of program that would be suitable for an entertainment given by school children. President Taylor was greatly pleased by the result.

BOOHER IS A CANDIDATE.

Will Make the Race This Year for Congress from This District.

Washington, D. C., May 7.—To the Democrats of the Fourth Congressional District:

I shall again be a candidate for the Democratic nomination to Congress at the August primaries. The indications now are that the present session of Congress will run into the summer and that I shall not be able to meet my friends throughout the district as I should like to do.

There is still much important work before the House of Representatives and I believe it is my duty to remain at my post regardless of what may be the outcome at home. I therefore take this means of calling your attention to my candidacy. I hope however, to be able to see you personally before the close of the campaign.

During the two and a half terms that I have been in Congress, I have tried to serve you faithfully and to secure to my district, a maximum of results. Although a reactionary Republican administration has controlled the Government and hampered progressive legislation, much good has been accomplished by the Democratic members of Congress.

The present Democratic House has been the greatest and most effective working body in recent years and has passed many important measures intended to secure to the people a greater voice in the administration of their affairs, and to relieve them from the burdens of unjust taxation. I am glad I have had a part in such legislation and have had reasons to be proud of the important work assigned to me in the committees in which I have the honor to hold membership.

On account of the service already rendered and the experience gained therefrom, I feel that I am prepared to render a still greater service if returned to the next Congress. Familiarity with the vast details of legislation affords a great advantage over any new member whoever he may be.

I appreciate the honor already bestowed upon me and my greatest ambition is to serve you acceptably and honestly and to be permitted to further assist in the effort to secure to the people the blessings of wholesome and just legislation.

I shall be glad to hear from you. I am always glad to have you write me your views on the various questions before Congress and to call on me whenever there is anything that I can do for you here.

If you feel that my efforts thus far merit a continuance of the trust imposed in me, I shall greatly appreciate your support in this campaign.

Very truly yours,
CHARLES F. BOOHER.

CATTLE AND HOGS

NODAWAY COUNTY AGAIN RANKS FIRST IN STATE.

HAVE OF EACH OVER 40000

Callaway County Forced Out of First Place as the Home of the Mule, by Saline County.

The returns made to the state auditor by the assessors of Missouri for the present year's taxes place Nodaway well in the lead in two classes of live stock statistics, cattle and hogs.

These returns show that horses are by far the most valuable of all live stock, surpassing cattle in valuation by more than 11 million dollars.

Jackson County comes first in the number of horses, 22,237, and the city of St. Louis is second, with 16,488.

Callaway county, for many years in the lead as the greatest mule producing county in the state, is compelled to take second place, Saline going ahead by a narrow margin. The score stands Saline, 6,969; Callaway, 6,054.

Schuyler county has a long lead in the sheep raising industry, with a total of 42,815. Harrison is second—23,978.

Nodaway returned 44,638 hogs and Texas county, a new competitor in the live stock business, comes second with 38,764.

The returns show that there has been little change over 1911 in the number and value of horses. Cattle have decreased in valuation to the extent of more than 1 million dollars and gained something over 100,000 in numbers. Sheep have lost 20,196 in numbers and hogs have gained over 300,000.

The following are the leading counties in the matter of cattle and hogs on hand, showing the number credited by the assessors:

Cattle—Nodaway, 42,243; Saline 31,828; Sullivan, 31,352; Harrison, 29,849; Putnam, 25,647; Lafayettte, 25,629; Macon, 25,461.

TWO FLATTERING OFFERS.

Miss Alice Orcutt of this City Considering School Offers from Kansas and California.

Miss Alice Orcutt, a daughter of Mr. and Mrs. Frank Orcutt of this city, received telegrams Wednesday announcing that she had been elected to the position of teacher of English in the high schools of Caney, Kan., at $70 per month, and from Fresno, Calif., saying she had been elected to a position in the schools of that city at $85 per month.

Miss Orcutt has not decided which offer she will accept, but is considering the California offer with much favor. She was superintendent of the schools of Bolckow the past year and previous to that time taught in the Maryville schools four years. The offers of Wednesday are certainly compliments to Miss Orcutt's standing as a teacher.

IT WAS A PITCHER'S BATTLE.

Normals Downed the Amity Team in a Close Game—McKee Stole Four Sacks.

In a game that wasn't decided until the last man was retired in the ninth inning the State Normal base ball team defeated Amity college of College Springs, Iowa, by a score of three to two. The contest was a pitchers' battle from the start in which "Jew" Wilson had a sligh call on Tate, the opposing pitcher. Both men allowed nine safe hits and the local twirler whiffed twelve batters while Tate fooled but five. Tate also delivered a mighty wallop to the centerfied fence and was good for three bases. Kirby Taylor, the Normal short stop played a clever game in the field and bingled out two safe hits. Cap. McKee kept up his reputation as a base stealer by pilfering no less than four sacks.

Emmit Scott, who was umpiring balls and strikes behind the bat, received a painful injury when a foul tip hit him on the back of the hand, breaking the bone. He finished the game, however.

LINVILLE OPENING SUNDAY.

Entire Building Has Been Renovated and Partially Refurnished—Presents an Attractive Appearance.

The Linville hotel which has been undergoing a thorough cleaning and refurnishing for the past two months by the new manager, Mr. A. T. Clark, will be formally opened to the public on Sunday. The offices, reading room and pool room on the first floor have been so changed by the new steel ceiling and frescoed walls and new floor coverings that it does not look like the same place it was a few weeks ago. The walls of the office and reading room are in green, while steel celings have been highly decorated in harmonizing colors with the walls. The walls of the halls and pool room are in buff. The dining room is the most attractive room in the building and all of the out of town visitors to Maryville who make their headquarters at the Linville declared it is the finest looking dining room they have seen in any hotel in any town in the state. The walls and ceilings are in three shades of blue, shading from pale blue to turquois. The wood work is white which with the handsome furnishings make it a beautiful place.

Every room in the hotel has been repapered and painted and the styles and colorings have been chosen with as much care as though it had been for one of Maryville's prettiest homes.

Much new furniture has been added, nearly all bedding is new and everything in the way of linen has been thoroughly replenished.

Miss Alma Nash's orchestra will furnish music during the diner and supper hour.

MORE MONEY FOR CARL WRIGHT.

Mt. Ayr Sunday School Donated $10 to Fund and Committee Will Visit the Patient.

The Mt. Ayr Sunday school of the Mt. Ayr M. E. church east of Maryville added $10 to the fund Wednesday. The money was voted last Sunday and a committee composed of Miss Velma Lanning, Miss McGinness, Miss Cecele Fisher and Miss Nettie Smock was appointed to visit the patient and carry the money and good will of the school to him. This is pretty good for this school, which only has a membership of between forty and fifty, which comprises the church membership. The school contributes regularly to missions and benevolence, and the present year gave $20 to the pastor's salary. That's about the best giving for a Sunday school that can be found in this part of the county.

The road was from Gaynor to the Gallagher school house, eight miles east of Maryville. The best mile of the ten miles was along the farm of N. Moore. The ten mile stretch is along the Saints' highway and is a credit to the people of that community.

INDIGESTION

Causes Dizziness, Nervousness, Biliousness, Sick Headache and Sleeplessness.

You know that most of the ailments named above come from an out of order stomach.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

If it doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly from the brain to the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

Mi-o-na is guaranteed to end all stomach misery or money back. Fifty cents at the Orear-Henry Drug Co. and druggists everywhere.

HOUSE ADOPTS MANY CHANGES

Restores Power to Interstate Commerce Commission.

REFUSED TO ABOLISH MINTS

Creates Bureau of Foreign and Domestic Commerce, With Powers of Present Tariff Board—Overrules Committee.

Washington, May 10.—Revolutionary proposals such as have not been grouped in any bill passed by the present session of congress, were adopted by the house in the legislative, executive and judicial appropriation bill.

The measure will be voted on and probably passed immediately. The bill now proposes:

"Abolition of the United States commerce court and the restoration to the interstate commerce commission of all railroad regulatory power, subject to appeal only to United States district courts.

Creates New Department.

"Creation of a bureau of foreign and domestic commerce, with all the present powers of the so-called tariff board, to be under the jurisdiction of the secretary of commerce and labor. The new bureau would absorb the bureau of trades relations of the state department and the bureaus of manufactures and statistics of the department of commerce and labor.

"Concentration of the distribution of public documents, of which millions annually are sent from Washington, in the government printing offices."

Overrides Committee.

In addition to these three principal changes in the operation of the government, the house overturned the committee in charge of the bill in a number of instances.

After a bitter fight the house defeated a proposal to abolish the mints at San Francisco, New Orleans and Carson City and the assay offices at Boise, Charlotte, N. C.; Deadwood, S. D.; Helena, Mont.; Seattle, Wash., and Salt Lake City. It also refused to abolish the position of deputy commissioner of lighthouse service and on this latter Speaker Clark joined with the opposition to the committee.

The defection in the Democratic ranks caused an outbreak in the closing hours of the session, which lasted from 11 o'clock in the morning until 9 o'clock at night.

The fight for the abolition of the commerce court was led by Representative Sims of Tennessee, who framed the legislation abolishing that tribunal. He was opposed by Representatives Driscoll of New York and Stevens of Minnesota, but when the provision was adopted, 120 to 49, many Republicans voted with the Democrats.

When the house adjourned it was with the general understanding that the formal passage of the measure would follow at once.

PRESSMEN'S STRIKE WEAKENED

Chicago Sterotypers Make Break to Get Back—Trouble is Practically Over.

Chicago, May 10.—The situation in the newspaper strike was quiet and papers were sold under police guard in practically every part of the city.

Several stereotypers, who went on a sympathetic strike after the pressmen walked out, applied for reinstatement on two afternoon newspapers and it is expected that others will follow their example.

All the newspapers have practically full crews of pressmen and stereotypers at work and more editions were published than at any time since the beginning of the strike.

SAYS INTERVENTION UNLIKELY

Adjt. Gen. Rumboldt Says Government Does Not Intend Sending Troops to Mexico.

Nevada, Mo., May 10.—Brig. Gen. H. C. Clark, who has just returned from Jefferson City, where he conferred with Adjt. Gen. Rumbold, said that Gen. Rumbold told him the war department has no idea of sending troops to Mexico. Rumbold has returned from a conference in Washington. He said the government doesn't regard the situation of sufficient gravity to warrant intervention. The government reservation here, however, is rapidly being put in shape for use as a concentration camp.

Brewery Strike Ended.

Kansas City, May 10.—The 1,200 brewery workers, who have been out on strike since Tuesday, are back at work. The strike ended officially after a four hours' conference of brewers and union representatives. A 3-year working agreement was signed by 22 breweries and agencies, and both workers and brewers express satisfaction over the outcome.

Vanderbilt Sued by Grocer.

New York, May 10.—Alleging that William K. Vanderbilt, Jr., owes him $642.02 for groceries furnished for his use on the yacht Tarantula, Albert Klenk brought suit against the millionaire. Vanderbilt filed a general denial.

PROTEST SALE OF OKLAHOMA TIMBER

Oklahoma Senators Want Choctaw Land Readvertised.

SMALL BUYERS WERE EXCLUDED

Investigation Showed Chotaws Were Not Getting Square Deal in Disposal of Valuable Lands.

Muskogee, Ok., May 10.—A formal protest asking that the bids of $500,000 acres of pine and hardwood timber lands in the Choctaw nation, which were received here on May 1, be not considered, will be forwarded to the secretary of the interior next Monday by Oklahoma senators and representatives. Sale of the lands under the bids, which it is claimed were not competitive, it is declared, would give control of or render valueless 1,500,000 acres of timber land in Choctaw nation. The secretary of the interior will be asked to re-advertise the lands for sale.

Condemn Secretive Policy.

This action is the result of an investigation by James S. Davenport, representative from the third district, who has been here several days for that purpose. Mr. Davenport will be joined in his protest by Representative C. D. Carter, whose district includes the Choctaw nation, and by Senator Owen, who had already submitted to the department of the interior a different plan for the sale of the lands.

The Choctaw nation and the state of Oklahoma would be vastly more benefited if 1,000 purchasers secured this timber land in tracts ranging from 160 to 640 acres, these congressmen believe, and they will so state to Secretary Fisher. Upon investigation, they believe there was no competition whatever in the bidding, that was done on the last sale and that the Chactaws are not getting a "square deal." They particularly condemn the policy of the department here in refusing to make public the names of the bidders.

Kept Small Bidders Out.

The fact that the regulations provided that a bid on 640 acres would not be considered if that particular tract lay within the larger subdivisions, if there was another bid upon the entire subdivision, they claim made it practically impossible for the small bidders to get an equal chance with the big ones. The entire area of 1,500,000 acres was divided into 24 subdivisions for the purpose of sale. The smallest of these contained 24,000 acres and the largest 125,000 acres, so that no person of small means could bid on a complete subdivision. With their protest the Oklahoma congressmen will submit for the approval of the secretary of the interior a plan which is designed to afford the small bidder a chance.

WOMAN DOCTOR FOR A CORONER

St. Joseph Woman First in County to Enter Race for Elective Public Office.

St. Joseph, May 10.—Dr. Lyda Hillyard has filed a declaration as a candidate for the Democratic nomination for coroner, subject to the primary election August 6. She is the first woman to enter the race for an elective public office in Buchanan county.

When Dr. Hillyard's candidacy was announced some took the position that she is ineligible, but a careful search of the statutes revealed no provision requiring that the office be filled by a man, and her right to hold it if elected will not be further questioned. Six men, all doctors, have entered for the Democratic nomination.

Dr. Hillyard, it is supposed, was inspired to stand for the nomination for coroner by the action of Dr. C. F. Byrd, who has been coroner four years, in appointing his wife deputy coroner. During Byrd's term of office he has been absent from the county much of the time, and in his absence all coroner cases have been attended to by Mrs. Byrd, who is not even a physician.

Jumped Into Whirlpool.

Spokane, Wash., May 10.—Paul Worst, 26 years old, waited on the Post street bridge over the Spokane river until a street car loaded with passengers came along, then, taking off his coat and hat, leaped to the stream 60 feet below. The bridge is 200 feet up stream from the Spokane Falls. Passengers saw his body rise to the surface and plunge into the whirlpool. The body has not been found.

To End German Duels.

Berlin, May 10.—The clericals introduced a resolution in the Reichstag asking the imperial chancellor, Dr. Von Bethmann-Hollweg to end dueling in the army, particularly the practice which makes it compulsory for an offended person to challenge the offender or leave the army.

Fox Hunting for Germans.

London, May 10.—A pack of fox hounds will be sent to Potsdam, for the German Emperor, who has decided to introduce fox hunting into Germany.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

COLIMA VOLCANO IN ERUPTION

Twelve Distinct Shocks Were Felt and Damage Will Exceed Half a Million Dollars at Cuartel.

Mexico City, May 10.—Thirty-four persons were killed and half of the city of Zapatlan, which is located on the slope of the volcano of Colima, was destroyed by an earthquake during the night. Sixteen persons were killed in the town of Cieudad Guzman, and 13 were seriously injured.

Twelve shocks were felt at Guadalajara, while in Cuartel, more than half a million dollars' damage was done, including the complete destruction of a large church.

Colima Active.

Following the shocks, the Colima volcano became active, throwing out lava, boulders and sand in its first big eruption since it destroyed the city of Zapatlan in 1806.

The local observatory here predicts a disastrous earthquake in Mexico city of Zapatlan in 1806.

The state of Jalisco, on the west coast, in which Colima volcano is situated, apparently bore the brunt of the disturbance. This state is west of the Sierra de Nayarit mountains and is a high, rugged country.

Was Destroyed in 1818.

Guadalajara, the capital city, has a population estimated at 125,000. It was partly destroyed by an earthquake in 1818. It is situated on a mountainous plateau with an elevation of 3,750 feet and lies about 100 miles north of the volcano. The quake moved in a northeasterly direction. Ciudad Guzman is in the northern part of Jalisco. Zapatlan is just north of the volcano, lying upon the mountain slope.

Colima is one of two twin mountains. It is 12,750 feet high.

Veterans Finally Decide to Attend Reunion of Blue and Gray at Gettysburg.

Macon, Ga., May 10.—The United Confederate veterans have finally decided to accept the invitation of the Grand Army of the Republic to attend the reunion of the Blue and Gray on the Gettysburg battlefield, which is to be held next year. The invitation was at first declined and not finally accepted, until the bitter opposition of the "irreconcilables" had been voiced and a strong adverse report had been made upon the request by a minority of the committee having the matter in hand. Mr. Will Wells, the Hughes township farmer who lost his left arm Thursday forenoon in a corn shredder, is doing as well as his physicians, Drs. F. M. and C. V. Martin, can expect of him. He rallied well from the amputation and is in good spirits. He has shown wonderful presence of mind in everything bearing on his accident. When the accident occurred he was some distance from the house. Someone who was assisting him was sent to the house to tell Mrs. Wells, who telephoned at once to the physicians and for an automobile, then ran to meet the wagon that was bringing her husband to the house. When she reached the wagon her husband gave her his right hand and helped her into the wagon, the calmest one of all. When the car arrived at the hospital, Mr. Mr. Wells told his brother of the sale of a horse another brother had made, and spoke of the other commonplace things as though nothing had happened.
